PROJECTS FOR REVIEW:

1. Control No.: 04-GPB-CZB-0096
   Project Proponents: Sacramento County Board of Supervisors, c/o Planning and Community, 700 H Street, Room 2450, Sacramento, CA 95814
   Florin vineyard Property Owners Group, c/o the Brewer Law Firm, 920 9th Street, Suite 2050, Sacramento, CA 95814
   Project Name: FLORIN VINEYARD GAP GENERAL PLAN AMENDMENT, COMMUNITY PLAN AMENDMENT, AND PUBLIC FINANCING PLAN
Location: The Florin-Vineyard Gap Community Plan project site consists of approximately 3,766 ± acres, located in both the South Sacramento and Vineyard community planning areas and generally described as follows: south of Elder Creek Road and the Sacramento City limits; west of Bradshaw Road, excluding the North Vineyard Station Specific Plan area; north of Vintage Park Drive, and the developed neighborhoods of Churchill Downs and Vintage Park; and east on the Union Pacific Railroad tracks, and those developed neighborhoods of Tiogawoods, Florin Town and Sunrise Florin.

Request:

1. **General Plan Amendment** for the FVGCP area to relocate the Urban Policy Area (UPA) boundary, and to amend the land use designations as identified by the Existing and Proposed General Plan Land Use diagrams, for properties within the FVGCP project area.

2. **Community Plan Amendment** to amend the land use designations for properties within the FVGCP as identified by the Existing Zoning/Community Plan Designations diagram to either the proposed CAC Land Use Plan, the proposed PD Land Use Plan. Note that there are two land use options – a less intense option proposed by the CAC, and a more intense option proposed by County Planning staff. The approval of either land use option would result in amendments to both the South Sacramento and Vineyard Community Plans.

3. Adoption of a Public Facilities Financing Plan for the Florin-Vineyard Gap Community Plan project area, which:
   a) Identifies public facilities and infrastructure improvements required to support the proposed land uses;
   b) Defines proposed methods for financing required public facilities and infrastructure; and
   c) Provides a description of infrastructure phasing.
